

# Vendor Dashboard Overview

This guide will give you an overview of the Vendor dashboard.

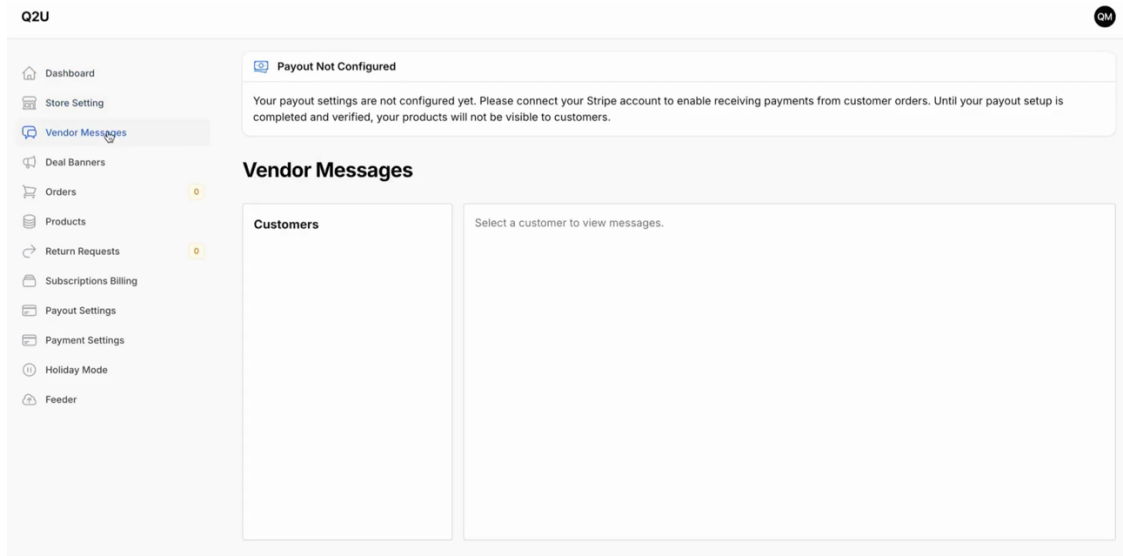

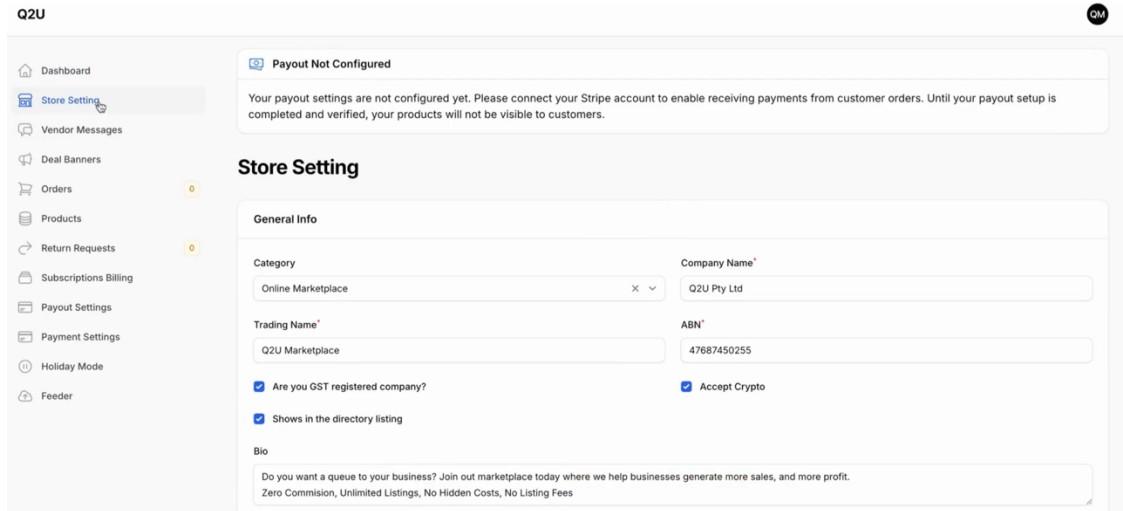

Once you're on your dashboard, you'll see a full overview of your vendor account, including insights into orders, refunds, revenue, and more.

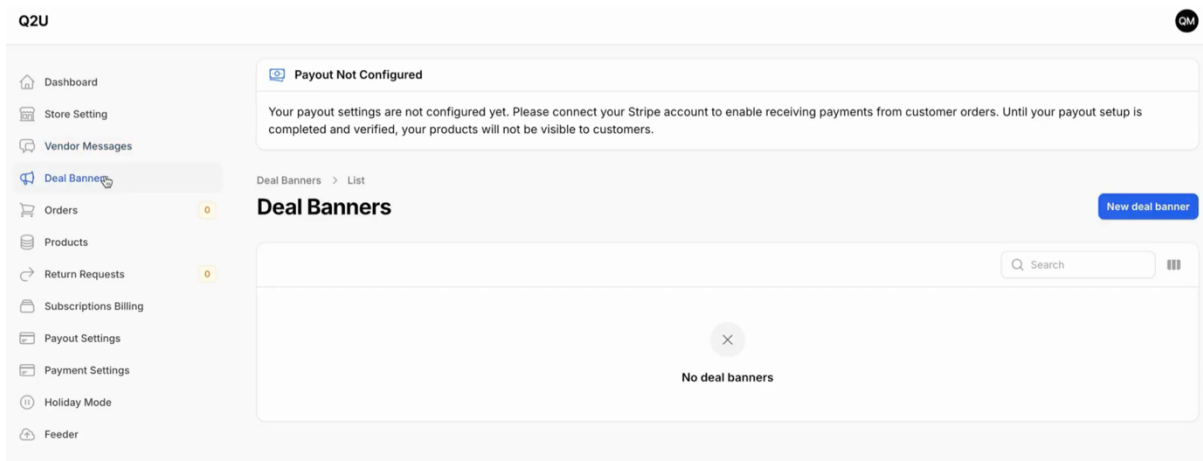

From here, you can edit your profile, shop on the Marketplace as a customer, or update your plan and password at any time.

You can also open store settings to make changes to your business details and check or reply to any customer messages about their orders.

Deal banners are available for extra advertising on our homepage. If you'd like to feature your business, just contact the Q2U team For more information.

Manage all your sales in the Orders tab and upload or update your listings in the Products tab.

In Subscription Billing, you can view your monthly charges and download invoices.

The screenshot shows the Q2U dashboard with the 'Subscriptions Billing' menu item highlighted in the left sidebar. The main content area features a 'Payout Not Configured' warning box at the top. Below it, the 'Subscriptions' section is titled 'Subscriptions > List' and contains a table with the following data:

Date	Plan Name	Amount	Gst	Total
18/01/2026	Professional	\$79.00	\$7.90	\$86.90 <a href="#">Invoice</a>

Below the table, it indicates 'Showing 1 result' and a 'Per page 10' dropdown menu.

Set your payout settings details through Stripe to receive funds from sales and manage your payment method for your Q2U membership in Payment Settings.

The screenshot shows the Q2U dashboard with the 'Payment Settings' menu item highlighted in the left sidebar. The main content area features a 'Payout Not Configured' warning box at the top. Below it, the 'Stripe Payout Settings' section is titled 'Stripe Payout Settings' and contains a blue button labeled 'Connect with Stripe'.

The screenshot shows the Q2U dashboard with the 'Payment Settings' menu item highlighted in the left sidebar. The main content area features a 'Payout Not Configured' warning box at the top. Below it, the 'Manage Payment Methods' section is titled 'Manage Payment Methods' and contains a blue button labeled '+ Add Card'. The 'Your Payment Methods' section is titled 'Your Payment Methods' and contains a list of payment methods. One method is shown as the default:

Payment Method
Default ..... 4242 Expires 01/2028

Below the list, a note states: 'Note: You can remove non-default payment methods at any time. The default payment method cannot be removed until another card is set as default. Your default payment method will be used for subscription billing.'

If you need a break, you can pause your store using Holiday mode and for eligible membership tiers, access our Product Feeder to import products directly from your website.
